Subject: Electronic copy of #6 oil test report

Hi Tom and Steve,

In preparation for our meeting I was going over the test reports for the South Portland terminal and I realized that I don't have an electronic version of the #6 oil test report. The CD that was sent with the report contains the one-hour data measurements, but no report. Would it be possible for you to send me an electronic copy of the test report? It would be very useful.

The CD that was sent with the asphalt test report contains a copy of the test report and attachments, so I'm all set there.

Thank you,
Beth
